SPECIALTY LICENSE PLATE GAME – instructions

Select a state or province and a standard or specialty plate

Enter text and press FIND to search for plates in the selected state

Use “+” and “-“ to add/subtract from the license plate count

Number next to state name or plate is how many times seen

Bold checkmark next to state name or plate means ‘seen in current game’

NEW GAME removes bold checkmarks and does not change the counts

DELETE SAVED GAME deletes all saved data and exits app

Statistics show # of plates seen in current game and all time

Statistics last line is for all plates in the game

Save game occurs when you use the QUIT or SAVE button or “+” or “-“

LICENSE PLATE BINGO GAME - instructions

Use the MENU to set BINGO patterns required to win

You can add patterns even when a game is in progress.

Match examples:

License plate 235 XY4 matches 23, 35 and 4

License plate 0235 ZZ matches 2, 23, and 35

License plate AB7 04Y matches 7 and 4

When a pattern is completed, such as a row, it turns red.

Game Over sound occurs when all selected patterns are matched.

Start a NEW GAME with the same or new numbers.

Save game occurs automatically when you select BINGO squares

Use BACK to return to the SPECIALTY LICENSE PLATE GAME.
